Realm of the Ice Witch
Wilderness Set
Since ancient times, Cholizar the ice witch has dwelled in the frozen lands north of the empires of men, held back each year by the warm hand of spring. But now she has let loose demons of cold to invade the warm southern lands and wrap them in her icy grip! Only the most hardy of heroes can venture into her frozen realm to stop her, before all the world is embraced by her winter spell.
Realm of the Ice Witch is a two- to four-player Dungeoneer card game. Your character explores a wilderness that you build with map cards, while fighting monsters, completing quests, and leveling up along the way. Each Dungeoneer set can be played as a stand-alone card game, or combined with other decks for more dungeon-delving fun. Realm of the Ice Witch features 110 new Dungeoneer cards, including demon-themed monsters and six new heroes for your Dungeoneer game.
2-4 Players
60+ minutes
Ages 12 and up
6-sided dice and tokens not included
