For personal use only

In this 2-person trick-taking game your goal is to trigger the endgame with 50 points, and then be the player with the most to win. You score points by winning tricks and bonuses. The game is played in a maximum of 10 rounds of 15 cards.

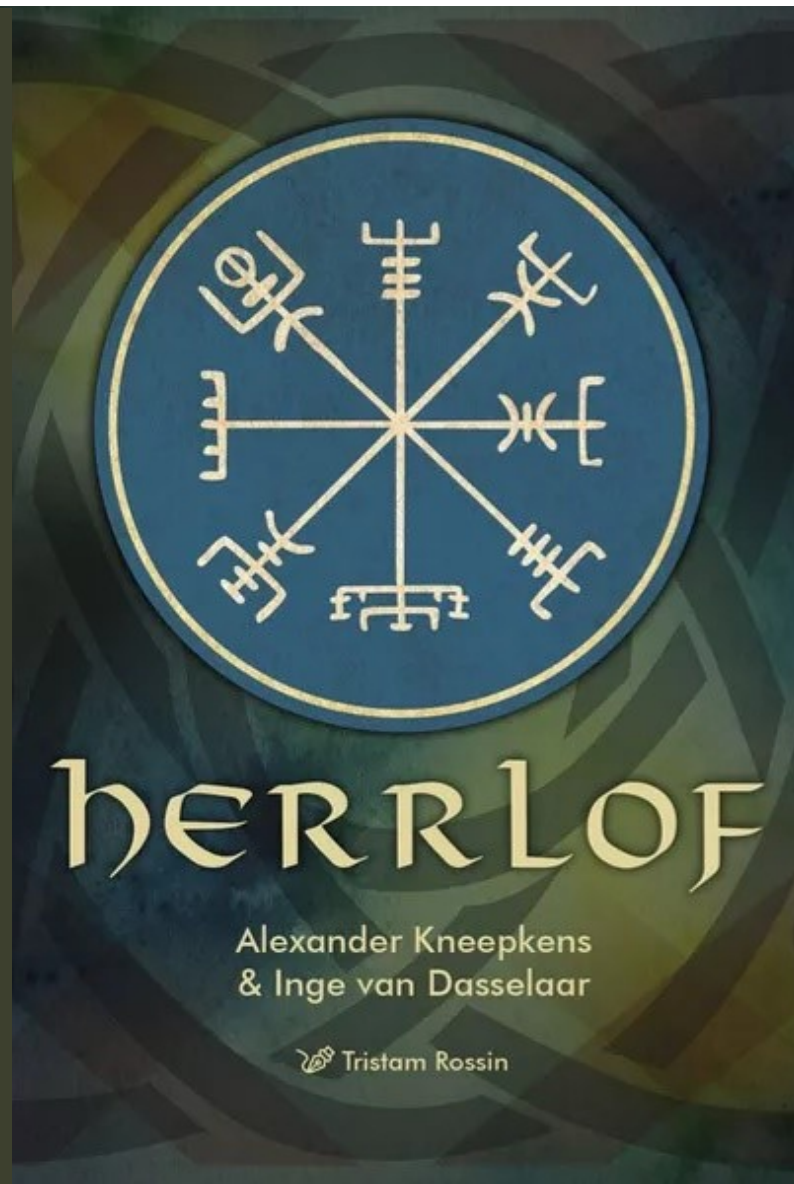

Each round you:

1. deal 15 cards,
2. set the trump,
3. predict your score,
4. battle for tricks, and
5. reveal the predictions and determine your score.

All predictions are done in secret, ensuring your opponent doesn't know your goal.
