

RASC NASCAR

1997 gallery

Real Action Stockcar Championship - this is one of the best boardgames to simulate the excitement at a NASCAR race. How often do you get the chance to race with up to 20 cars in a game – and if you like, you can add even more cars. The game comes with 20 nice plastic cars, but to pimp it up, I have bought some 1:144 scale NASCARs.
