

Cesche86 "The Shrine" Add on

If a cloister or cult is surrounded by one or more relique shrines, each tile counts double.
Unfinished cloisters and cults with the relique shrine give zero points at the end of the game

Change in rules of mini Expansion "The Cult"

When winning a challenge between a heretic (cult) and a monk (cloister),
the tile points of the loosing party are added to the ones of the winner.

If a relique shrine is in any of the counted tiles (also the ones the looser),
all tiles count double.
